Play Starring YUKI FURUKAWA!!

Yuki Furukawa, a popular actor, passionately performs the leading role Billy, a physically handicapped boy.

Set in the mid-1930s, on the island of Inishmaan, part of the Aran Islands of Ireland. In the most remote area of the Island, there is a small shop run by two old women, Irene and Kate. They both lived with their niece Billy, who was born crippled. Although Billy was pitied and teased by the Inishmaan people, he spent his days in peace, as if he had been enlightened, reading books and sometimes blankly looking at the cows. Around Billy there are...Johnnypateenmike, who loves gossip and always scrounging for food, and an alcoholic mother Mammy. Helen, who is cute but has the worst attitude, and her dimwitted little brother, Bartley. Doctor McSharry, who is always pushed around by the Inishmaan people. Everyone was fed up with the useless neighborhood relationships, and the life in the Island. One day, Johnnypateenmike brings big news. A Hollywood film crew is coming to the nearby Inishmore Island. Helen asks Babbybobby, the only handsome guy on the Island, to send her off to the Inishmore Island, and she tries to get in touch with the film crew. Even Billy, who was heard about the film crew, works out a "plan" and acts on it with the passion he never had. Hollywood and film, the "dream" of the Inishmaan Island people greatly changes Billy's destiny...
